

Capital Preparatory Magnet School

Starting Monday, March 16, 2020, all Hartford Public Schools will be closed indefinitely in an effort to minimize the risk of illness related to Coronavirus (COVID-19). During the district-wide closure, we will be making every effort to provide learning opportunities for our students. A "Classrooms Without Walls" section has been added to our website in order to share resources and learning opportunities with our families. Daily additions will be made in order for our students and families to stay connected to Capital Prep during this closure. We hope everyone in the Capital Prep community is healthy and safe during this difficult time.
